Meaning – if one producer sells Bulls to producers that participate in CAIP, they shall not receive cost-share on the purchase of Bulls within the same program year – this statement also applies to Heifers.

- All bucks/rams purchased through this program must pass a **Breeding Soundness Evaluation (BSE)** prior to receiving cost-share funds. The cost of a BSE should be negotiated between the buyer and seller and can be included in the total cost of the bucks/rams purchase.

**Breeding Soundness Evaluation (BSE)** must be completed no longer than 6-months prior to the purchase of the cost-shared animal

The breeding soundness exam is the buyer's best insurance that the buck/ram will be fertile and productive.
