

# 2012 County Agricultural Investment Program (CAIP) Investment Area Guidelines: ON-FARM WATER ENHANCEMENT

## Introduction

This document provides eligible investments and is considered to be the standard by which this investment area is to be implemented.

Funded participants shall adhere to all local, state, and federal rules and regulations.

Questions concerning these guidelines should be directed to the Governor's Office of Agricultural Policy at (502) 564-4627. Application for funds must be directed through the local County Agricultural Development Council(s).

**Eligible Cost Share Items** will include materials (including filter fabric pads), parts, equipment\*, cost of hired contracting construction, drilling and equipment rental for the following on-farm water enhancement systems:

1. Establishing and enhancing on-farms ponds
2. Drilling for subsurface aquifers and well establishments
3. Developing and piping on farm springs
4. Construction of small stream water basins
5. Water hook-up to city/county water lines for farm usage including water meters.
6. Permanent automatic waterers
7. Materials for cisterns for farm usage

\*Eligible equipment is defined as equipment used as part of the on-farm water enhancement system, including permanent waterers, underground piping, and fencing (up to a \$1.50 per linear foot) to protect water source. **Eligible equipment does not include purchase of construction or drilling equipment.**
