

# Producer Report: LARGE ANIMAL

## Deadlines for Producer Reports

Producers must complete all relevant questions on the Producer Report before receiving cost-share funds through the County Agricultural Investment Program (CAIP) for the **Large Animal Investment Area**.

This form is for the Administrator to keep on-file for each Producer receiving cost-share funds, and should aid in filling out the reports for this program.

This information will be used to help the Kentucky Agricultural Development Board evaluate the economic impact of programs on Kentucky's agricultural economy.

## Producer Report Information

### 1. Circle Investment Category – select all that apply (A, B, C)

#### A. Cattle – Beef & Dairy

##### Prerequisites:

- **Beef & Dairy applicants** must become Kentucky Beef Quality Assurance (BQA) certified before funding is received.
- **Dairy applicants** shall be permitted by the Kentucky Milk Safety Branch.
- **All bulls** purchased or leased through this program must pass a Breeding Soundness Evaluation (BSE) – within the last 6-months – prior to receiving cost-share funds. The cost of a BSE should be negotiated between the buyer and seller and can be included in the total cost of the bucks/rams purchase.
- **Bull Leases** must be producer-to-producer or leasing company-to-producer. *This program is not for funding the development of leasing programs that include using funds to purchase a group of bulls for lease to local producers.*
- **Ownership of breeding stock** must be maintained for a minimum of two (2) successive breeding seasons, not in the same year.
- **Minimum herd size** to qualify for cost-share – **beef:** 10 mature cows or 35 backgrounding cattle / **dairy:** 40 head herd

##### Exceptions/Limitations:

- **Buyer/Seller Clause:** A producer shall not participate as a buyer and seller (of that sex of breeding livestock) within the same program year.  
Meaning – if one producer sells Bulls to producers that participate in the CAIP, they shall not receive cost-share on the purchase of Bulls within the same program year – this statement also applies to Heifers.
- **Emergency Early Release Clause** – The local program administrator shall reserve the right to approve an early release, if it is determined that an animal, due to physical or disposition problems, is no longer considered sound for breeding purposes. The local program administrator can require the animal to undergo an examination by a licensed veterinarian to assist in determination.

##### Exclusions:

- The intent of genetics investments is to aid producers in bringing superior genetics into their herd.  
Cost-share shall not be provided for animals traded or sold between producers who have co-mingled herds or share sires. This includes the use of a third party to buy/sell the same animals from the co-mingled herd.
